VIGILANT S4000

High Performance for Critical Deployments

The Vigilant S4000 is built to support enterprise-level surveillance deployments, delivering unmatched performance for managing high camera counts and extensive data retention requirements. Its robust 2U rackmount design, combined with dual processors and enterprise-grade reliability, ensures seamless operation in mission-critical environments. Partner with Now Micro to reduce risk, save time, increase profits and maximize efficiency with purpose-built solutions that are backed by people who care and powered by innovation.

KEY FEATURES

Dual Intel® Xeon® Silver processors for powerful performance

Up to 288TB of raw storage for large surveillance needs
