

VIGILANT M4000

Mission-Critical, Dual-CPU
Management for Enterprise
Security

The Vigilant M4000 management server provides the performance and resilience required for mission-critical, multi-site security environments. With dual-CPU headroom, mirrored OS, RAID 10 data protection, broad NIC options and redundant power, it ensures management services remain available during peak loads and maintenance windows. Partner with Now Micro to reduce risk, save time, increase profits and maximize efficiency with purpose-built solutions that are backed by people who care and powered by innovation.

KEY FEATURES

Dual Intel® Xeon® Silver processors
with high memory capacity

RAID 10 storage for resilient,
high-throughput data

Dual redundant power supplies
safeguard uptime

Enterprise-grade networking with
multiple expansion options

iDRAC and DICE for proactive
system health monitoring

Every Now Micro solution comes equipped with DICE technology, offering OEMs and systems integrators a powerful suite of tools that streamlines deployment, reduces downtime with remote monitoring and simplifies asset management through a single, intuitive portal.
