STUDIO MPUN4 Industrial-Grade NUC

The Studio MPUN4 brings the power and versatility of our core Intel® NUC product to rugged, real-world environments where reliability is non-negotiable. Designed for demanding digital signage and edge computing applications, this ultra-small form factor system combines powerful processors with a durable chassis built to withstand harsher conditions. With flexible connectivity and support for up to four 4K displays, the MPUN4 empowers integrators to deploy resilient, high-performance systems anywhere they're needed. Partner with Now Micro to reduce risk, save time, increase profits and maximize efficiency with purpose-built solutions that are backed by people who care and powered by innovation.

KEY FEATURES

Intel® Core™ and Core™ Ultra processors for exceptional performance
