# STUDIO MPF4

## Fanless Reliability for Demanding Digital Media Deployments

The Studio MPF4 brings dependable digital media performance to industrial and space-constrained environments where traditional media players may not be the right fit. Its rugged, fanless aluminum enclosure helps reduce maintenance concerns while supporting smooth multi-display playback, flexible connectivity and secure operation for signage, kiosks, control interfaces and edge media applications. Partner with Now Micro to reduce risk, save time, increase profits and maximize efficiency with purpose-built solutions that are backed by people who care and powered by innovation.
