

## STUDIO MPC2

Smooth 4K Playback in  
a Compact Design

The Studio MPC2 was made for reliable indoor digital signage, driving two 4K displays from a footprint small enough to tuck behind a screen. Its Intel® N150 Processor, SSD storage and active cooling deliver smooth, consistent playback for menu boards, lobbies and retail displays. Unlike consumer-grade mini PCs, it's backed by our warranty and support to keep your customer's screens up and running. Partner with Now Micro to reduce risk, save time, increase profits and maximize efficiency with purpose-built solutions that are backed by people who care and powered by innovation.
