STUDIO MPX4

Powerful Performance Across Four Screens

The Studio MPX4 was made for multi-screen digital signage, driving four displays straight from its native HDMI outputs. Integrators can skip the adapters and dongles that add cost and points of failure to every install. Its Intel® Core™ Ultra processor handles demanding content from a slim, VESA-mountable design, backed by our warranty and support. Partner with Now Micro to reduce risk, save time, increase profits and maximize efficiency with purpose-built solutions that are backed by people who care and powered by innovation.
